ISSUE:

Authorization to purchase two (2) side dump beds and sanders, including installation, on two (2) 2009 Ford F550 trucks for use by the Operations Division of the Public Works Department.

SYNOPSIS:

This resolution authorizes the purchase of two (2) side dump beds and sanders, including installation, on two (2) 2009 Ford F550 trucks for use by the Operations Division of the Public Works Department.

BACKGROUND:

The City has selected H&K Truck Equipment/Tesco Williams as the supplier for two (2) side dump beds and sanders including installation per the attached quote. The division currently uses similar side dump beds and sanders that were installed by H&K Truck Equipment/Tesco Williams.

The Fleet Manager met with the department and determined that the Department is very satisfied with the make, model and installation of this side dump bed and sander and would like to use the same equipment for continuity.

RECOMMENDATION:

Approve purchase of two (2) side dump beds and sanders including installation for use by the Operations Division of the Public Works Department.

SUBMITTED BY:

Russell B. Willardson, P.E., Public Works Director
